

THIS WEEK 31 AUG - 4 SEPT 2020

NATIONAL PREPAREDNESS MONTH

A severe storm strikes your area, taking out power for days, limiting emergency services and causing a shortage of available food and supplies. Are you prepared? That is an important question to discuss with your family members.

FOURTH QUARTER SPIKE

Over the past five years, Army Aviation has seen an increase in incidents occurring during the fourth quarter of the fiscal year. Cumulatively, these incidents account for almost double the number of incidents of any other quarter.

TREE STANDS AND BLINDS

With cooler weather just around the corner, most hunters are making preparations for the upcoming fall hunting season. An important aspect of this is to spend a little time inspecting the tree stand or blind you will use.

PRODUCTS & TOOLS

Learn the safety culture and climate within your organization.

A family of information technology systems that underpins the Army Safety and Occupational Health Management System.

Great resource for finding a local riding association, and learning to be a safer rider.

An interactive, easy-to-use, automated system designed to assist users with the application of risk management.

Make your Soldiers aware of the off-duty hazards they'll face with the Off-Duty Safety Awareness Presentation.

A collection of resources to aid commanders and leaders in the management of range operations and safe weapons handling.

KNOW THE RISKS

DID YOU KNOW?

During the Labor Day holiday weekend from 2014-2018, 44% of traffic deaths involved drivers who had been drinking — 945 people died. *Click here to learn more.*

MISHAP BRIEFS

GMV

A Sergeant deployed in support of Operation Inherent Resolve died in a government motor vehicle (GMV) mishap in Syria at 1716 local. The Sergeant was performing gunner duties in an M-ATV when the vehicle left the main supply route and overturned. All four crewmembers were evacuated to the local troop medical clinic, where the gunner later died. The three other Soldiers were treated for non-life-threatening injuries. The use of seat belts and the gunner restraint system is unknown at this time. The mishap is under investigation.

Since FY16, the Army has experienced an average of 19 Class A GMV mishaps resulting in the loss of 12 Soldiers per year.
