b. Program issues by section: FOD: None PPE: JHAs are currently being reviewed.

c. Safety-

(1) Have your new personnel come to the Safety Office during their in-processing. Many safety items need briefed to them.

(2) Safety awards- please continue nominating your people for the good work that they are doing. This includes regular awards as well. Anyone can submit an award. Reward your good people.

(3) The first addition to the HAZLOG this FY are the facility fire extinguishers. **21-001 SSG Gaughan is the action officer with an action date of 1 Dec. 2020.** The issue is that our contract that is managed at the 88th RRC is for a biannual inspection of the fire extinguishers but the inspection requirement is annual. This is a known issue and additional money has been issued for a stop gap solution in the past. We are looking at a similar situation this year.
